Subject: No action needed: Edits to Riverside Social Media Post

Hi Pete,

FYI We edited the social media post for next week on Riverside to reflect the correct time for the public meeting, and some additional details on the subject. Please see below for revised text. No action needed on your end.

Thanks,
Sabina

Cleaning up Our Nation's Land Riverside Superfund Site Proposed Remedial Action Plan (PRAP) Press Release	Wednesday - July 22, 2020	<p>Twitter: Public comments are now being accepted on our proposed cleanup plan to address groundwater and sediment contamination at the Riverside #Superfund Site in Newark, New Jersey. Join us at our virtual public meeting on August 5th at 7:00pm! More info here: [link to press release]</p> <p>Facebook: Public comments are being accepted on our proposed cleanup plan to address groundwater and sediment contamination at the Riverside Industrial Park #Superfund Site in Newark, New Jersey. The proposal addresses the cleanup of contaminated soil, sewer water, waste, and groundwater. We are proposing the best course of action to protect human health and the environment at the site, and want to create space for community members to ask questions or voice concerns about the proposal. A virtual public meeting on our proposed plan will happen on August 5th, 2020 at 7:00pm EST. To view the proposed plan and register for the virtual public meeting, visit</p>

Subject: Edits to Riverside Social Media Post

Hi Donette,

I received the factsheet for the Riverside Industrial Park Superfund site PRAP today (attached) to work on the press release. There's contaminated soil, gas trapped in the soil, sewer water, waste and groundwater at the site and the public meeting will be held on August 5th at 7:00pm.

I think the oil spill info in your upcoming Facebook post below came from the June 2017 fact sheet currently on the website: <https://semspub.epa.gov/work/02/503304.pdf>

Please change the info in the post to align with the July 2020 factsheet. I made suggested edits to your posts in red below. The post may have to get reviewed again by Sabina, Pete and HQ.

You may also want to schedule the post for the day after the press release is issued (probably July 23rd) in case there are additional edits. I'll let you know.

Thank you!
